OBVIOUSLY WE ARE back--Now that we have made that profound statement, what should we say next?

In the first place, we thoroughly enjoyed reading the offerings in the last three issues by our guest columnists, Norm Paul, Cliff Cassiday, and Nick Montesano.

We appreciate their efforts and we thank 'em.

We have a hunch that a lot of the regular readers of this column also appreciated the change of pace.

In fact some of our friends (?) have suggested that we reverse the procedure.

That is, line up 49 guest columnists each year and then we just fill in for three weeks.

But that would never do.

You see, we like to produce this column and to fill it with all sorts of trivia.

After all we have been doing it for so long that it has become almost second nature to us.

You might say it is our alter ego.

Of course, there are those who call it something else.

-0-

LUNCH WITH GEORGE--- That's what it was called...But for the life of us, we can't recall what the menu was. Or whether we ate at all.

We are referring, of course, to the surprise welcome home affair that practically put us into a state of shock last Wednesday at the Oak Ridge Golf Club.

Never in our life have we been so surprised.

And never in our life have we been so touched.

We are not sure whether "touched" is the right word.

As a matter of fact, there is really no way to describe our feelings. Some of you probably don't know what we are talking about.

We really don't either.

But to get it into focus, let us explain that we were welcomed home last Wednesday (we had only been gone three weeks) in a manner that we will never forget.

When 60 people in our community take the time to be on hand (all pre-arranged by a bunch of characters) to pay homage to a little guy who has just shot a lousy nine holes of golf, that's almost too much.

Not really.

We were proud, pleased and provoked.

That is, after we discovered what it was all about.

It took a while.

-0-

ONCE WE REALIZED (it took a spell) that the party was for us, it made it that much worse.

We didn't know what to do next.

Most of you realize why we were proud and pleased.

But why provoked?

We are glad you asked.

You see we were completely overwhelmed.

We didn't know what was going on. We are not used to that.

Somehow our pipelines had become clogged.

That's apparently what happens, if a guy leaves for a time without taking the necessary precautions.

-0-

ANYWAY HERE AND now we want you guys and gals to know how much we appreciated it.

Our little Dorothy joins us in this, although we found out that she had been informed that the event was going to take place, but hadn't seen fit to inform her husband.

That's what we mean about the pipelines being clogged.

If one's wife doesn't let one know what's going on.....

Anyway there has been nothing like it in our whole life.

After all these years of following the rocky editorial trail and calling 'em as we thought we saw 'em, it was nice to

CAMPBELL UNION (elementary) SCHOOL DISTRICT

Proposed tax hike gets airing at public meeting this Thursday

Some idea of the public reaction to the recommendation of the tax election committee that the present Campbell Union (elementary) School District be increased by 40-45 cents is hoped to be gained this Thursday, Nov. 11, at a meeting at the Castlemont School. The meeting is called for 7:30 p.m.

The special study meeting was called by the board of trustees last Thursday, after the committee had submitted its report.

The committee's recommendation also suggests that the board at the next regular meeting (Nov. 18) call a special election for Feb. 29, 1972 on the tax increase question.

If the voters do not approve either a continuation of the present $2.55 rate or the suggested increase as recommended by the committee, the tax rate for the district will revert to $1.80, which will necessitate drastic cuts in the district's educational program.

Reverting to the $1.80 rate would mean a loss of $1.5 million to the district, according to the committee's report.

Members of the committee include Dr. Richard MacQuiddy and Dr. Robert King, representing the trustees; Jim D'Avis, acting superintendent; C.E. Bradley, district business manager; Herb Wadley, president of the teachers' association; Dave MacLeod, school principal; Rolf Monroe, teacher; Melva Miller, district employee (classified); John Merriell, Bob Renfer, and Buck Austin.

The committee's report submits that, if the $2.55 rate was to be continued, a deficit of approximately $500,000 would result in the 1972-73 school year and an additional deficit of $272,000 in the 1973-74 year.

The committee thus has recommended the 40-45 cent hike in the rate to meet the deficits.

The report claims, however, that this increase will not allow for new programs, increased salary schedules, or allotments for supplies and materials.

The committee also recommends that the tax increase be authorized for a three-year period.

If the $2.55 rate is continued and not increased, the committee maintains that it would mean a lowering of reserves, cutbacks in some programs and personnel, curtailment in the purchase of new equipment and in maintenance and cutbacks in teaching staff which will increase class sizes.

According to the committee, smaller increases in assessed valuation from previous years is anticipated in the future and that the future status of state income, which has declined in recent years, is uncertain.

"It is anticipated that increases in local income from property taxes will not compensate for reductions in state support, resulting in a net loss of income to the district", the committee adds.

Copies of the committee's recommendations were distributed at the last board meeting to those in attendance and are available at the various schools in the district and at the district office.

'Lobby' issue

Allocation of $100 by the Campbell Union (elementary) School District in support of expenses incurred by the county counsel in appealing inequities in the wage-price freeze was defended by Trustee Ralph Steinberg at the last board meeting.

Steinberg maintained that he was not for a "lobby" for any special interest group as had been contended by Gordon Abbott in a letter to the board. The money was to be used to assist the district in working out a payroll management problem, he pointed out.

Steinberg added that there might be a difference of opinion on the question, but that such an expenditure was authorized under the education code.

By a 3-2 vote, Dr. Richard MacQuiddy, Steinberg and Mrs. Eleanor Graham-Armstrong opposed by Dr. Robert King and Mrs. Judy Ruscigno had authorized the expenditure.

Traffic puts school in bad position

How to combat the "pollution" problems that are being created at Moorpark School because of the school's proximity to a heavily-traveled thoroughfare is of grave concern to the Campbell Union (elementary) School District.

That was indicated last Thursday night at the board meeting when the seriousness of the problem that exists at the school was described on several fronts.

A letter from Mrs. Richard Thurman reported that the new off-ramp now being constructed near the school will compound the current problems with repect to safety, noise and air pollution.

Dr. Robert King, trustee, added that an on-the-spot inspection by him of the school and area had emphasized how serious the situation had become. He felt that the school district had to take firm action on the matter.

Fred Peterson, district administrative assistant, reported that his office had been in contact with the state highway people and would continue to try to work with the department in alleviating the situation.

During the discussion on the subject, the suggestion was made that the district might have to take the highway division to court in order to improve the condition.

Former trustee still gets no answers to questions

No additional response need be made, Dr. Richard MacQuiddy, president of the Campbell Union (elementary) School District board of trustees, reported last Thursday at the board meeting in answer to questions raised as to the status of Neal Royer, former district superintendent.

That was the advice of the county counsel, MacQuiddy said.

In a letter to the board, Jim Gilliland, former trustee, had asked that a "public" answer be given to three questions: 1) By what Board action did the separation between the Campbell Union School District and Royer occur? 2) When did the action occur? 3) Where is the Board action (motion and individual member vote) publicly recorded?

In a previous letter in September, Gilliland had raised basically the same questions. MacQuiddy in reply had suggested that Gilliland contact the county counsel for further information.

In his current letter, Gilliland emphasized that "unfortunately, County Counsel is not an elected member of the Board and this type of inquiry does not provide a 'public' answer to my question."

So Gilliland is still waiting.

City extends salary of Chief Morgan

Police Chief John Morgan, who was stricken with a cerebral hemorrhage last February and has been paralyzed since that time, will receive his full salary at least until next January as a result of City Council action on Monday night.

The Council by a unanimous vote modified a city policy relative to payment for compensatory time earned by management personnel.

The modification that was approved allows the City Council, with the recommendation of the city manager, to authorize such payment, if an individual is disabled or on extended sick leave provided all earned sick and vacation leave has been used.

Morgan's earned sick and vacation leave expired this month.

In a memo to the City Council, City Manager Bob Stephens explained that the authorization to pay Morgan is subject to the action of the State Retirement Board and Workmen's Compensation Board.

If it is ruled that Chief Morgan's illness was job-incurred, then compensatory time earned, along with sick and vacation leave would be restored to the records. In that case a full year's salary would be paid Morgan prior to the permanent disability retirement action.

However, Stephens points out, if it is ruled that the illness was not job-incurred, Chief Morgan's salary will terminate on Jan. 19, 1972.

In other actions Monday night, the Council:

APPROVED four requests for live entertainment for establishments in Campbell — El Burro restaurant in the Prune-Yard, The Straw Hat at 1400 W. Campbell Ave., Hamilton Lounge, 1660 S. Bascom and The Cap'ns Galley, 1690 S. Bascom.

APPROVED Planning Commissioner Ed Pack's request, because of a conflict in dates, for authorized absence. (He had missed three planning commission meetings.)

FRIDAY BURIAL

Campbell's time capsule will be "buried" with simple rites in the base of the city hall clock tower this Friday, Nov. 12, at 11 a.m. according to Mrs. Jeanette Watson.

The time capsule contains material and information pertaining to present day Campbell addressed to the citizens of 2071.

The capsule has now been completely sealed, according to George Rodriguez, builder of the capsule and is ready to be buried.

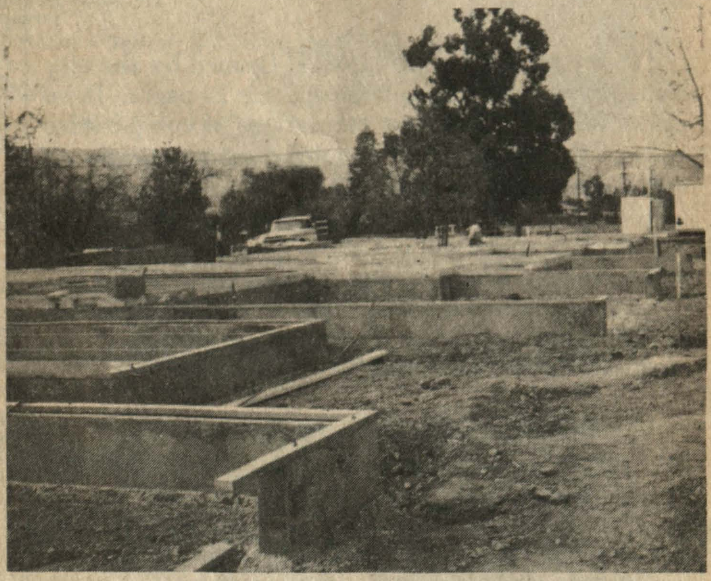
Campbell Jaycees will host Mike Galaun, a Jaycee from Zambia, Africa, at their general membership meeting Wednesday, Nov. 10. The meeting will be at the Royal Fork, 1730 W. Campbell Ave., at 7:30 p.m.

The Zambia Jaycees have sent Galaun on a world-wide trip, including Australia, New Zealand and the United States, to help gather information to help the Country of Zambia and the Zambia Jaycees make positive progress on their problems.

The Campbell Jaycees have been chosen as one of three Jaycee locals in California that Galaun will visit during his tour.

Galaun is expected to talk about his country, his Jaycee local, and his world tour. All interested young men between 21 and 35 are invited to attend by Dave Valkenaar, Jaycee president.



SINGLE-FAMILY HOMES (Sunnyoaks and Virginia)

SURPASSES ALL RECORDS

Building "boom" continues here

Campbell's 1971 building boom continued at a record-breaking pace in October when $380,603 in building permits were issued which raised the total for the year to date to $18,323,396.20.

The 10-month total has already surpassed all previous years and with still two months to go in the calendar year, it is expected that the figure will top $20 million, according to Wally Byron, city building official.

Last year the 12-month total for permits was $6,048,715.75 and in 1969 the total was only $5,427,484.75.

October was an "outstanding" month in the single-family residence field with five permits being issued for $85,133. There were no single-family permits issued during 1970 and in 1969 only four such permits were taken out for $77,918. To date this year there have been nine single-family residence permits for $174,388.

All five of the single-family building permits in October were taken out by the Kunkel-Thomas development on Sunnyoaks. Approximately 15 more similar units are planned for the tract.

There were two permits for multiples taken out in October by La-Con Builders (four units each) on West Valley Drive totalling $99,240 and there were two permits issued for multiples to date for commercial buildings for $108,153. There have been 107 permits issued for multiples to date for $13,547,770.

Ayumi Martin obtained a permit for an office building at 2020 S. Bascom for $60,240 and Herfy's Corporation received a permit for a restaurant on E. Campbell Ave. for $47,913. There have been 24 commercial building permits issued to date this year for $2,659,256.

JUST THE SIZE--Homer Hyde holds up one of the many gifts presented to George Vierhus, editor and publisher of the Campbell Press, at a surprise luncheon in Vierhus' honor last Wednesday.

Vierhus was taken completely unaware by some 60 friends and well-wishers from the community who were waiting in the dining room of the Oak Ridge Golf Course. Keeping the luncheon a surprise was not difficult, since the lunch was scheduled the day Vierhus returned from a three week vacation. He had just come in from playing nine holes of golf. Other gifts included a boomerang golf ball, a special golf litter bag and a genuine gift of golf balls.

Editorial

Fire service

A comprehensive report on the feasibility of consolidating the Campbell Fire Department with the Santa Clara County Fire District has been submitted to the City Council by City Manager Bob Stephens.

Based on the study that was begun in January, the city manager has recommended that the City of Campbell should retain its own fire prevention and suppression services.

But the decision is one that the City Council must make.

It must be emphasized, however, that the city manager's recommendation was not just off the top of his head, the report took months to compile. It delved into every phase of the fire department operation.

The report filed with the City Council by the city manager is a bulky document of some 24 pages. It includes tables, graphs and tabulations of comparative costs of the two types of fire department operation... city as opposed to county.

Obviously space will not allow the publishing of the entire report. But it is important to know that if the City Council does take any action on this important issue, a complete picture has been presented of all the ramifications involved in any consolidation.

Six basic elements were included in the study: 1) Effect on level of service; 2) Effect on administration of personnel, organization and staffing; 3) Effect on fire grading schedule and insurance rates; 4) Effect on costs to taxpayers in city; 5) Effect on capital improvements; 6) Effect on political representation.

These elements were gone into in depth by the city manager and his staff through comprehensive research and investigation.

Based on this study then, the city manager came to the following conclusions:

1. The transfer of the city's fire department to the Central Fire District would not be in the best interest of the citizens of Campbell. The city's department is equal or better in quality and quantity of manpower for the area served.

2. The transfer would not adversely affect the personnel involved as far as compensation is concerned. State law requires such a transfer result in pay and benefits equal to or better than their present status.

3. The transfer may adversely affect the city's fire grading, which could result in higher insurance premium, particularly to the commercial and industrial property owners in the city.

4. Long range projections indicate the cost to the city taxpayers would be more stable and equitable, if the city retains its own fire services.

5. The city would have to lease its real property to the central district without cost and all its equipment would be donated to the district.

6. The unincorporated islands in the City of Campbell could more effectively be served with fire services at no extra cost to the affected taxpayers.

We consider the recommendation of the city manager that the City of Campbell retain its own fire services sould based on the information that has been developed by an intensive and extensive study of the situation.

We feel that the best interests of the citizens of this city will be served by retaining its own fire department.

Tax election

A special study meeting has been called by the board of trustees of the Campbell Union (elementary) School District for Thursday, Nov. 11, at 7:30 p.m. at Castlemont School.

The purpose of the meeting is to discuss the recommendation of the citizens' committee that a tax election be held on February 29, 1972, and that a minimum increase of 40-45 cents in the district tax rate be submitted to the voters at that time.

The present tax rate of $2.55 will revert to $1.80 unless the voters approve either a continuation of the present rate or the increase as recommended by the committee.

The board of trustees is scheduled on Thursday, Nov. 18, after the study meeting has been held, to call such an election, provided, of course, the reaction at the public study session appears favorable.

We feel that there are a number of unanswered questions still pending that must be resolved before any definite board action should be taken.

Whether these questions can be answered in the short time that remains before the Nov. 18 "deadline" remains to be seen.

EARLY ISSUE

THE CAMPBELL PRESS following an annual tradition will make its appearance on Monday, Nov. 22, of Thanksgiving Week. The issue will make another tradition, the annual football - merchant page, marking the annual grid battle on Thanksgiving between Los Gatos and Campbell.

Deadlines have been shoved up to Thursday, Nov. 18, for both advertisers and news sources.

know we still had friends.

And, golly, it gave us a warm feeling.

Somehow it made it all worthwhile.

THERE WERE SO MANY things we wanted to tell you all when we finally were allowed to get to the mike, after Norm, Bob, Ben and Homer had spouted off.

Although we had been at a loss for words for some time (that in itself was quite a record), by the time we took the mike we had come out of shock. We had a speech prepared.

But we didn't really get a chance then and there to say what we wanted to say.

Thanks to the Rev. Ben.

As we lowered the mike and prepared to expound (we really did have a lot to say) Ben, who was up front, and sorta running the show leaned over.

"Keep it brief, George," he grunted in a stage whisper without budging his halo "say 'THANKS' and sit down."

Thereupon all pre-collected thoughts proceeded to go out the window.

Being "coached" by a Methodist minister, who should have some expertise on how long a person should talk even if it doesn't mean anything to him, put us back into shock.

It was like talking when another person is putting.

We managed to say thanks and then sat down.

-0-

BUT WE HAVE MADE UP for it in this column.

We just want to tell you all how wonderful it all was.

Y'know there have been times in the past when we have felt discouraged and terribly sorry for ourself because we thought we just weren't getting through.

We have made cracks about being taken for granted and stuff like that.

Never again.

If you thought that we were shocked, surprised, overwhelmed and about ready to cry, not necessarily in that order, you would have been right on all counts.

That "Lunch with George" was really something.

It made us feel all warm inside.

And it wasn't because of the martini we had.

-0-

THIS COLUMN, AS MOST of you know, is sort of a personal thing with us.

Some may recall that another noteworthy event in our life, "our operation", received considerable space a number of years ago in this column.

That made quite a deep impression on us.

But "Lunch with George" was something different.

In all fairness, however, we think it should be emphasized that the people who participated in the welcome home for us last week seemed to enjoy it almost more than we did. It was a fun time for all.

Our "research" has revealed that the guys who were, more or less, instrumental in organizing (?) it, had a ball planning the bash.

Aided and abetted, of course, by the loyal "Press gang", headed by Sally and Brent.

-0-

WE HAVEN'T FOUND out who really originated it. Bob Bullard, Norm Paul, Bob Stephens, Homer Hyde, and Don Hebard have been very adept at passing the buck.

Our "sources" also revealed that originally it was planned that it would be a stag affair.

We are happy to report that idea didn't get off the ground as soon as some of our gal friends heard about it. They certainly added a lot to the event; and we have lipstick marks to prove it.

The city, the schools, the college, the churches and the business community, all segments of the community were represented at the "Lunch with George", along with Judge Dusty Rhodes and Supervisor Ralph Mehkrens, plus a lot of just friends.

We know you should be bored to death by all this.

But do you mind?

It was the nicest thing that has ever happened to us.

Thank you.

J. P. Clark and Fred Re-Horn are seeking the use permit. They want to use about 3000 sq. ft. of a 6000 sq. ft. building. The operation will be on weekends and will include, according to the applicants, a story-telling period for children 10 and under on Saturdays from 10 to 12 and light and sound entertainment and dancing for older youths on Friday and Saturday evenings and on Sunday afternoon.

Letters to the Editor

BOUQUETS

Dear George;

Welcome back from your vacation.

I wish to commend Sally Howe & Brent Ulrich on the excellent job they did putting out the Campbell Press during your absence.

I particularly enjoyed the contributions by your guest columnists and editorial writers. The editorial last week by RUSTY HAMMER was especially well done. Although Rusty may be only 18 years old he shows an insight and maturity far in advance of his age.

So many young people today take vocal political stands predicated on an emotional viewpoint lacking in substance or mature realism. Rusty's interest and keen awareness of the needs and interests of the youth of our community is presented very well. He has an admirable trait so lacking today among all age groups--that of following through to a conclusion of what he starts.

Young people like Rusty and his fellow Youth Commissioners offer great promise for the future of our community. Their parents and the community can be very proud of them.

Sincerely,
Gordon Abbott

DISTURBED

Dear Editor:

As two young people attending our first public hearing of the Planning Commission on Nov. 1, we were greatly disturbed with the attitude and conduct of some of the commissioners.

The main issue being discussed at the meeting was the rezoning of the Amato property from R-1 (single family dwellings) to P-D (planned development).

We feel that some of the commissioners had their minds made up before they even heard the opinions of the many, many citizens present.

As the 3-3 split indicates, the opinions and wishes of the Campbell citizens, who numbered over 120, did nothing to sway at least three of the commissioners.

These men are supposed to represent the wishes and desires of the people of Campbell. How three of them could ignore the desires of the many citizens present is beyond us!

Because of the tie vote, the people of Campbell are forced to return on December 6 and start their battle again.

Respectfully yours,
Susan M. Herman

The Wage-Price Freeze

Questions and Answers

Internal Revenue Service

This column of questions and answers on the Wage and Price Freeze is provided by the local office of the U.S. Internal Revenue Service and is published as a public service. The column answers questions most frequently asked about the Wage and Price Freeze announced August 15 by President Nixon.

Q - Can prices be raised on World Series tickets?

A - No. The admission price for sporting events, such as this, occurring during the freeze period may be no higher than charges made during the applicable base period. In the case of the World Series, this will generally be the price charged last year.

Q - My employer is transferring me to a higher cost-of-living area. It has been the policy of my company to increase the pay of employees transferred to such areas. Can I receive this increase?

A - Yes. However, your employer must be able to document the existence of such a plan prior to the freeze, and must not increase the differential during the freeze.

Snow tires approved

This winter will be different for people that flock to the snowy slopes of the Sierras. Instead of trying to slip a snow chain on a fat unyielding tire, with already frozen fingers snow tires can be driven on all roads.

A "snow-tread tire" is described by the State Highway Division as having a relatively deep and aggressive tread pattern, and has a tread area consisting of lugs, blocks or ribs separated by grooves at least 5/16 inch wide.

The snow tires must be mounted on drive wheels, and tire chains should be carried by the vehicle. Also, motorists using snow treads will reduce their speed in certain areas.

"Night of January 16th," the senior class play which was originally scheduled to run for two nights, is now going to be presented for three nights. Curtain time is 8 p.m. on Thursday, Friday and Saturday nights, Nov. 18-20. The play is under the direction of Mrs. Theodora Page, with student directors Lisa Paye and Carla Davis.

Margaret Welch and Ina Jensen are in charge of costumes, including the police uniforms they will be renting from Goodwill, and Jacyn Holden is head of props and stage sets. Tickets are $1 with student body card, and $1.50 without. Ninety-five per cent of the proceeds will go into the Senior Class fund, and the remaining five per cent will go to the Drama Commission.

HOMECOMING QUEEN

On Monday, Nov. 8, Julie D'Arpino, Jane Foley, Kathy Fazzio, Debbie Fraser, Debbie Hansen, and Terry Murphy were introduced to the student body of Prospect High School as the candidates for the 1971-72 Homecoming Queen. These senior girls were nominated by the members of the varsity football team to reign over the annual Thanksgiving Day Homecoming game.

On Tuesday, Nov. 9, all students who wished to, voted for the girl they would like to see get the honor. The three finalists are to be announced later this week.

DANCE

On Friday, Nov. 12, there will be a dance in the Prospect gym, during which the three finalists for Homecoming Queen will be announced. All students are invited to come and enjoy the music furnished by "Green Katherine." The dance will begin at 8 p.m. and conclude at 11 p.m.

SPIRIT WEEK

The week of November 22-26 will be Spirit Week at Prospect. Many activities, including rallies, a slave auction, a "beautiful legs" contest for boys, and the decorating of the halls, are being planned.

The grand finale will be the Homecoming game, and the crowning of the Homecoming Queen and her princesses, to begin at 11 a.m. on Thanksgiving morning.

NEW OFFICERS

Elections were held recently for the fall semester class officers. The new freshmen officers are Gina Menicucci, president; Llina Saliamonas, vice-president; Sherry Hill, secretary; and Jacqueline Bennet, treasurer. Cindy White was chosen Councilman.

The sophomores elected were Reese Browning, Doug MacDonald, Maria Fukai, and Pam Brotherton, for president, vice-president, secretary and treasurer, respectively.

Junior Scott Keesling is the president, with Scott Sims and Steve Kulchin backing him up as vice-president and secretary. Mark Hays is the new junior treasurer.

Senior vice-president Diane Dinapoli helps out her superior Carol Harley, with Nancy Badger taking care of notes, and Madge Nelson counting the money.

SPORTS

FOOTBALL

Prospect was victorious again on Friday, Oct. 29, when they beat their hosts, the Del Mar Dons, 10-0. Feeling sure of another win, the Panthers go up against Blackford this Friday. The results of the game last week against Leigh were unknown at press time.

BASKETBALL

The C and D basketball teams scored their first victories when they played Blackford. The C team won its game with a score of 49-34, while the D's ended 35-21.

COMING ATTRACTIONS

On Friday, Nov. 12, the Panthers travel to Blackford. On Nov. 19 the Panthers will host Campbell, in the last game before Homecoming. The Homecoming game will pit Prospect against Branham's Bruins.

SPECIALS

I would like to congratulate the Westmont varsity football team on its surprising victory over Blackford on Oct. 29.

I feel I should give special thanks to Gilbert Gardner, who helped me out with the sports column of my story for the Nov. 3 issue. Thanks a lot, Gil.

CABARET

On November 6 the San Jose Music Theatre opened its season with the musical "Cabaret" at the Montgomery Theatre.

Tickets for the show, also playing on Nov. 12, 13, 19, 20, 26 and 27, are $3.50.

Reservations may be obtained at both Santa Clara Valley or San Jose Box Offices or by phoning 286-6841.

DARTING AROUND

with Tom Carroll

A good time was had by all, even the losers at the Black Knight, $400 tournament. A good many things were learned by both the management and NCDA officials. Next year's event will have both a singles and a doubles competition.

Because the first round was split into afternoon and evening games a short break was figured into the day's events. The short break became four hours when the afternoon's games were completed in half the time expected. Of course as the games progressed and the pressure mounted, things slowed down to where the finals were an hour later than anticipated.

While eighty players were entered only 64 appeared for competition. 32 players get eliminated in the first round but through the luck of the draw, the majority of the "Hot-Dogs" had easy pickin's.

It was in the first round that Phil Albers popped a 180 against Guy Falchi. Phil shot a 180 last year in a tournament at the Gaslighter Theater. He must like to pop 180's in Campbell.

Round II got underway as Kip Fanjoy had to work his opponent, Don Halter agreed to play the match first thing Sunday afternoon.

Several good games were played in this round but one that caught this reporter's eye was between newcomer Bob Brannen and former NCDA Singles Champ Stan Brassey.

Bob has only been shooting for a couple of months and just last week joined the Lancashire Lad team. During the course of this match Bob popped two tons (100's) and they split the first two games. Stan took the rubber with a 101 out.

SUNDAY GAMES

The first game on Sunday afternoon was the one holdover from Saturday night, the game between Kip Fanjoy and Don Halter. When Don and his partner Tony Chavarria got out of the car in their black Courtyard II Prosecutor's shirts, someone was heard to say "Here comes the Hayward Maffia." A "Prosecutor", Don was, as he wiped out Kip.

Pub owner Clay Cowden had managed to survive the first two rounds and everybody was kidding him that he'd do anything to keep from paying off in the big money. He only saved himself $4 as Gary Curtaz annihilated him in round three.

The losers of round three tied for ninth place. The others to receive $4 were: Dan Francis (Lancashire Lad III), Robert Benson (Halfway Club II, San Leandro), Bud Guardino (Banbury Clock I), Tony Chavarria (Courtyard II, Hayward), Jim Dewrance (Anglo-California Travel Service), Stan Brassey (Mayflower Inn I, San Rafael) and Phil Kelly (Scarlet La Rue's II).

Jim Macredes and Gary Curtaz drew each other in round four. Jim lost the first game and came back strong taking the next two. Besides Gary, who plays for Oakland's Loft I, the others that tied for fifth and received $10 were: Bobbie Lindsay, John Glaze (Scarlet La Rue's I), and Don Halter, (Courtyard II, Hayward).

FINALS

The first of the semi-final games was between Phil Albers of the Scarlet La Rue's I and the Lancashire Lad's Eric Brantwaite. It was an all Los Gatos game. The boys split the first two with Eric taking the rubber.

The other semi-final game was between La Rue I's Jim Macredes and Larry Trinta of the Primrose Lanes I in Burlingame. Larry took the first game and Jim bounced back to pick up the next two.

The game for third place was a family affair pitting cousins Larry Trinta and Phil Albers against each other. The boys decided to pool their winnings and just play for the trophy which Larry took two straight.

Jim Macredes got the final match rolling with a 112-away and put his 16th dart in the double-20 to win game one. Eric came back strong and took the second game.

In Hilo they saw the famous Orchid Gardens and pineapple plantations.

Kirkorian started the trip off by winning a prize for estimating the distance to the Islands while on board the plane.

Youth group has winter workshop

The San Jose Children's Musical Theater, (SJCMT), sponsored by the Cabrini Community Theater, is currently running its winter workshop at the St. Francis Cabrini Hall on Camden Ave.

Over 300 youngsters from 6-21 are currently participating in four productions, "Hansel and Gretel," directed by Robbi Thornburg; "Little Red Riding Hood," directed by Mark Healy; and the smash musical hit "Oliver!", with a cast of over 200.

The fourth production, "Don Quixote," a touring show available as a fund raiser for churches, schools, and theaters, is directed by John P. Healy.

In the winter workshop, the two one-act children's musicals "Hansel and Gretel" and "Little Red Riding Hood" will be performed back to back on Jan. 8 and 9.

The young directors are Camden High student Robbi Thornburg and Mark Healy of Leigh High. Robbi has been seen in several local theatrical productions with the West Valley Light Opera, Cabrini Community Theater, and the Saratoga Drama Group, in addition to winning the "Best Actress" trophy of the Cabrini Theater.

Mark, too, has been active in local theater, performing in over 20 musical productions with the West Valley Light Opera, Cabrini Theater, and Saratoga Drama Group. He was named outstanding performer of Cabrini Theater for two years in a row.

The SJCMT is a non-profit organization dedicated to providing a cheerful atmosphere for young people interested in musical theater.

The youngsters do all of the backstage work, as well as onstage, under the guidence of a professional director and adult volunteers from the community.

Another policy of the SJCMT is the encouragement and opportunities provided talented young directors.

After a year or two serving as an assistant to the executive director, these talented young people, are given an opportunity to direct a one-act children's musical under the executive director.

For further information about the San Jose Children's Musical Theater, call 371-0232.

Cummings art gallery opens in Kirkwood Plaza Mall

Oils and acrylics by Jeanne Cummings and Pat Lowe and batiks, tie-dye and hand painting by Merry Colson, Mt. View artist, are featured for the opening of the Cummings Art Gallery, Kirkwood Plaza Mall, 1800 W. Campbell Ave.

The new gallery is the third for Mrs. Cummings, wife of Dr. K. L. Cummings, San Jose physician. Mrs. Cummings is also owner of the Saratoga Gallery, Big Basin Way and the Saratoga Gallery on Cox Avenue in Saratoga.

Mrs. Cummings is also an accomplished musician and has taught piano and organ. She is a member of the Mission City Artists, Santa Clara.

Mrs. Pat Lowe is the director of the new art gallery. She is an art instructor in the Cupertino Parks and Recreation Dept., the Cupertino Union School District and a member of the Fine Arts League of Cupertino.

Merry Colson paints in all media but specializes in batiks and tie-dye work. She has exhibited in many galleries throughout the bay area.

According to Mrs. Cummings, the Cummings Art Gallery will feature top quality paintings and handcrafted items by well known local artists. Exhibitions by a different artist each month will be a feature of the gallery.

Mrs. Pimentel celebrates

A lively senior citizen, Mrs. Gertrude N. Pimentel celebrated her 80th birthday recently at a luncheon hosted by her daughters and sons-in-law, Mr. and Mrs. William C. Henley of Campbell, and Mr. and Mrs. Lloyd W. Johnson of Stockton.

A money tree was presented to her by several dozen guests.

Though she has five great-grand-children and three grand-children, Mrs. Pimentel is in good health and spirits, regularly bringing "goodies" to friends and church members.

She is also an active gardener, and has won many prizes for her vegetable and flower garden. She still drives and participates in activities of the Trinity Episcopal Church of San Jose.

The honoree was born in Gilroy, one of 15 children of Mr. and Mrs. Albert Sidney Johnson.

Though Mrs. Pimentel, widowed in 1965, resides in San Jose, she feels equally at home in Campbell. Her husband farmed the "Lace Downing" acreage on Bascom Ave. from 1916-1921.

Their two daughters, Mrs. Lloyd (Gertrude) Johnson and Mrs. William (Josephine) Henley, attended Campbell's Hamilton School, then located on Bascom Ave.

Mrs. Pimentel was a familiar figure pedalling her bicycle to the Ainsley Cannery during the summer fruit seasons.

Guests at Mrs. Pimentel's birthday celebration were: Mr. and Mrs. Walton Johnson, Mr. and Mrs. Albert Johnson, Mr. and Mrs. Burt Johnson and son Bryan, Mrs. Marilyn Hagedorn and son Roger, Mrs. Bessie Bowen, Betty Bowen, Mr. and Mrs. Gordon Bowen;

Mr. and Mrs. George Pimentel, Evelyn Tate, Mrs. Lena Johnson, Mrs. Dorothy McIntyre, Mr. and Mrs. A. J. Pungrchar, Mrs. Ada Burk, Mr. and Mrs. George Sauter;

Mr. and Mrs. Bob Crowder and girls; Mr. and Mrs. Jerrold Henley and children; Leighton Johnson, Frank Ray, Mrs. Roy Morrison, Mrs. Fred Gerlach, Mrs. Gladys McCormick, Mr. and Mrs. Cecil Reid;

Mr. and Mrs. Gordon Gilliam, Mr. and Mrs. Eugene Enos, and Reverend and Mrs. Burt Murdock.

Contestants sought for junior miss

Information and entry blanks for San Jose's Junior Miss Pageant, to be held on Dec. 3 and 4 at Silver Creek High, are available at most area high schools.

Young ladies wishing to participate must be high school seniors who will not graduate before May 1, 1972.

Judging for the local contest, sponsored by San Jose Jaycees, will be based upon poise and appearance, youth fitness, scholastic achievement and talent.

The winner of the local pageant will receive a $300 scholarship, merchandise and the opportunity to represent San Jose in the state finals at Santa Rosa next spring.

America's Junior Miss Pageant was started in Mobile Alabama, 15 years ago. An estimated 90,000 high school senior girls in 1500 communities in all 50 states will participate this year.

Information and entry blanks can also be obtained by calling the San Jose Jaycee office at 292-8211 between the hours of 9 a.m. and 10 p.m. The office is located at 375 McKendrie Blvd., San Jose.

How does your garden grow?

As the frost, fog and rain of the winter season begins to chill the bones, and shadow the land of Campbell residents, most minds turn away from gardening, but late fall is the best time to plant bulbs for spring flowering.

The best selections to plant now are daffodils, Dutch iris, ranunculus, crocus, hyacinth and tulips. The bulbs can be planted outside, or potted and grown in a cool dark place. As soon as the first bud pushes up, move the bulbs into stronger light.

A loose, crumbly soil is best for bulbs, and a planter mix is available at most nurseries.

Hyacinths look fine alone, but daffodils should be massed close together in a large pot.

Fall is also a good time to plant berried shrubs such as Dwarf Burford Holly, Tiny Tim and Red Elfe Pyracantha make bright ornaments for the holiday season, when grown in containers.

Indoor foliage plants should be fed regularly with plant food, available at nurseries.

Mothers March chairman will be Mrs. Gilfix

MRS. ARNOLD GILFIX

Mrs. Arnold Gilfix of 3723 Acapulco Dr. will be chairman of the Mothers' March against birth defects in Campbell in January, 1972, and she is already lining up volunteers to help her organize the effort and to canvass their neighborhoods.

Volunteers may reach her at 379-9202, or may call the Mothers' march headquarters at 292-3122.

The Mothers' March is a division of the March of Dimes, the fund-raising arm of The National Foundation, national voluntary health agency working in the field of birth defects. Over-all aim is to discover, through research, causes of the defects, and then to develop preventive measures. In carrying out this facet of the program, research grants go each year to scientists working in major medical centers throughout the nation.

In addition to the research program, The National Foundation carries on an active education effort, both among health care professionals and among laymen, and a care program for birth defective youngsters.

This is the second year Mrs. Gilfix has been active in the local Mothers' March, although it is the first year she has been named community chairman.

Talented teens given freedom to learn

A group of nearly 200 juniors and seniors in the Campbell Union High School District are experimenting with an exciting new learning program.

Tentatively named "Student Seminar", the program is offering small groups of gifted students in each of the district's eight schools an opportunity to explore in depth a stimulating field of interest.

When informed of the program earlier this year, the young people reacted enthusiastically according to Mrs. Vivian Stallkamp, the district's general education supervisor, and coordinator of the project.

Given complete freedom in choosing a subject for exploration, the teens came up with some tough topics, like one Westmont girl who wants to compose and orchestrate a piece of music!

A couple of girls from Prospect are teaming up to create a stained glass window, while at other schools students are starting projects in nuclear physics, Indian culture, child psychology, and tailoring.

Mrs. Stallkamp explained that each teen will sign a contract stating what he plans to accomplish, and how; but there are no time limits on the young people, no grades, and no pressure is applied in any way.

Students find the freedom of the special program exhilarating, but not overwhelming, since they are given gentle guidance by an advisor at each school.

Hal Aldridge is the advisor at Campbell; John Marks, Camden; Bob Torgny, Del Mar; Don Dunton, Blackford; Gordon Gartz, Leigh; William Ragent, Westmont; Bob Graby, Branham, and Mrs. Pat Vickery at Prospect.

According to William Ragent, the program's advisor at Westmont, personal interviews are held with each participant to discuss the program, and to give him assistance as needed.

Besides merely learning a new skill or filing away information, the educators are guiding the students towards developing their mental grasp, and their ability at analysis, synthesis and evaluation.

COMMUNITY HELP

To help the teens along their detailed search for understanding, the adults in the program put them in contact with people and services in the community.

For example, students will be informed of speakers, dramas and concerts in the Bay Area that would relate to their project. Also, they are permitted use of the West Valley College Library for general research.

The district will purchase books for more specialized subjects with the meager funds given by the state for use in the program.

More importantly, the educators can introduce the teenagers to professionals who will enrich and guide the students.

By spending a few hours in a nursery school and talking to the staff, the girls studying child psychology can practice first-hand observation, while a conference with an experienced composer could encourage the youthful musician.

ACTIVE STUDENTS

Though the young people were chosen to participate in the Student Seminar on the basis of their high intelligence, a potpourri of interests and personalities resulted. Ragent said Westmont's group includes Satin Dolls, football players, drama students, and musicians.

The one feature common to most participants in the program is their energetic involvement in many different activities. Because work on the projects is done during their free time, some of the students face a conflict of interests.

Yet, as Mrs. Stallkamp said, some of the young people are so enthused about the program that they dropped other activities to devote plenty of time to research.

When asked how the eight school advisors respond to the Student Seminar, she exclaims, "Oh, they are so excited about it!"

The program's coordinator radiates plenty of excitement herself, and as she talked about it, smiles rippled across her face.

Perhaps the students and advisors are so enthused about the program because, in the words of Mrs. Stallkamp, "It's kind of a human thing."

The Student Seminar is still in a chrysalis stage. It needs time to develop, along with funds and wider recognition to help it grow. If the program is as successful as signs indicate, it may expand in several directions next year, such as including younger students, or giving regular credit for the projects.

College awards bid for building

West Valley College trustees Thursday night declared their intent to award the bid for construction of the business education-student personnel-administration building on the Saratoga campus to Nicholson-Brown Inc. of Santa Clara.

Trustees will make final award of the bid in the next month pending final federal approval of the project. Federal approval is needed since a federal grant of $350,000 is slated for the project.

Nicholson-Brown was the lowest of seven bidders with a bid totaling $1,773,033. Money for the project will come from the federal grant, with the state and the district dividing the rest of the costs.

The building should be ready for occupancy by the summer or fall sessions in 1973.

The board also adjourned the Thursday night meeting in memory of Capt. James Monroe Wharton, husband of fellow trustee Mildred Wharton, who died Nov. 1.

BOY SCOUT TROOP 330

by Dale Larson

Project SOAR was a nation-wide conservation project for the Boy Scouts of America. SOAR means Save Our American Resources. Each Troop was to do a conservation project, then walk a mile picking up any litter in sight.

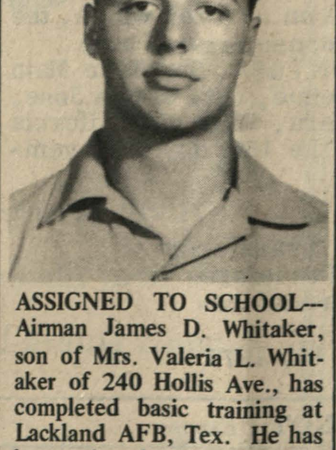
These are the boys that participated in Troop 330 and what they did. Organized by Joe Santos, Dale Larson and Bob McCreight was a creek clean-up. Boys that showed were Bill and Ron Parker, Gary McCreight, Dave Lancaster, Calvin Bettencourt, Mark Kurtz and the organizers. A truck was provided and driven by Joe Santos.

We started about 7:30 a.m. on a nice sunny morning on San Tomas Creek by the San Tomas Aquino Rd. We did a stretch that took us about three hours to clean and we had more than enough trash to fill the big truck.

When we got through we weren't very comfortable because we were all sticky with muddy water and other stuff like moss draping over us. We had pains we'll never forget.

For our mile we did Hacienda Ave. It took three hours and we again picked up a truck full of litter.

Two weeks after we cleaned the creek we went back to check on it. Sorry to say, but it was dirtier than it was before we cleaned it. We were hurt because it seemed didn't care about what we tried to do for them. It appeared they wanted to live in a dirty community instead of a clean and healthy one.



ASSIGNED TO SCHOOL--Airman James D. Whitaker, son of Mrs. Valeria L. Whitaker of 240 Hollis Ave., has completed basic training at Lackland AFB, Tex. He has been assigned to Keesler AFB, Miss., for training in communications electronics systems. Airman Whitaker is a 1969 graduate of Foothill High School, San Jose, and attended San Jose (Calif.) City College.

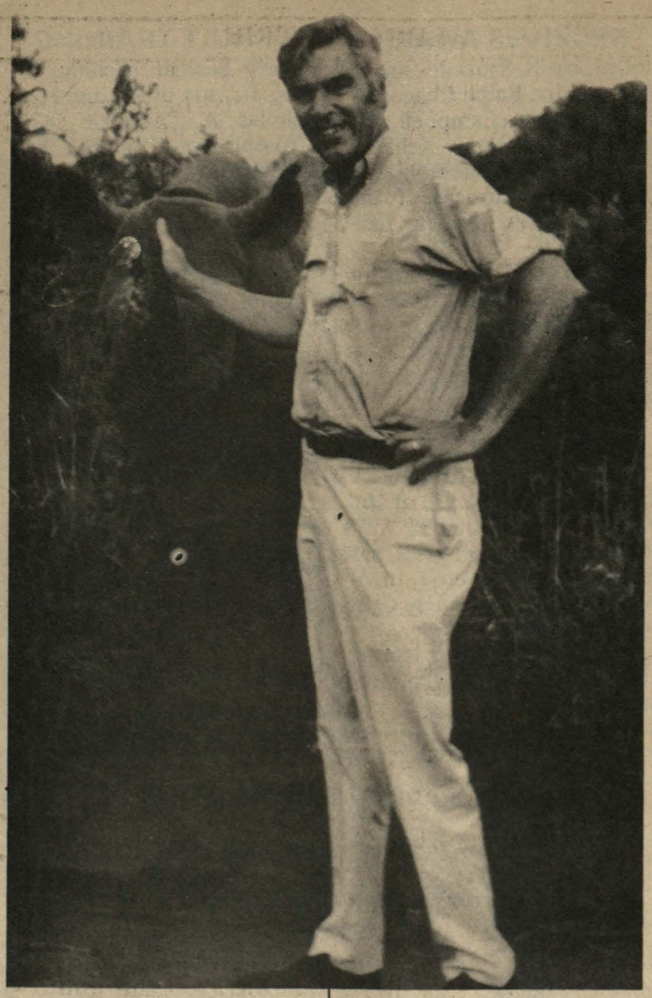
New resident recounts life in Africa



WITH AN ORPHAN--John Schiff's experiences in Africa include friendship with an orphan rhino.

HUNTING--Expeditions into the grasslands in Africa were sometimes to hunt game, according to John Schiff, who recently has taken up residence in the Campbell area. Schiff hopes to lecture on his experiences in Africa and South America.

IN KENYA--Visiting with the Town Clerk and Mayor of an African city is John Schiff, left, and his wife Gabriela.

Charging rhinos in Tzavo, man-eating piranha on the Amazon, hippies in East Africa and Kechua and Aymara Indians of the Peruvian Altiplano are just a few of the topics you might discuss over a coffee with John M. Schiff of West Valley Drive.

Schiff recently arrived here from Nairobi, Kenya where he worked as a journalist for the East African Daily Nation, one of Africa's foremost newspapers.

Talking to Schiff is a pleasant experience. He is utterly at a loss if you bring up any of America's present problems, such as pollution, race relations, student unrest, drugs, economic instability-etc., and frankly admits that for the past 22 years these things affected his life to a very small degree. But, since returning to the states, they have him on the verge of an ulcer!

MISSIONARY

In 1948, when East Africa was still under British Colonial rule, he went to Tanganyika (Tanzania) as a missionary. His early command of the Luo language and tribal customs made it possible for him to gain an insight into a culture completely foreign to this country. But Schiff's understanding of this culture enables him to write educational books in Luo. He even cut records in Luo music. Using a fictitious name, Johnny Meli, he made a record called, "Nyano yande ber ahinya-That girl used to be very nice."

After 15 years it is still number one on the Nairobi, Kisumu, Mombasa circuit. Just a few Africans who have been "tipped off", know that it is a Msungu, (white man), doing the vocal.

WILDLIFE

The "disappearing African wildlife" story is so often repeated that most take it for granted that it is true.

Not so, says Schiff, at least not to the extent that most of the humane societies wish you to believe.

There is poaching and illegal hunting in certain parts of Africa as there is here in the States.

"But through conservation and strict control they have been kept to a minimum," says Schiff. "What happened to the buffalo in America is not happening to the plains animals of Africa."

Five minutes by car from the downtown Nairobi Hilton you can see the greatest variety of wild animals imaginable in the local game park.

Wildlife is an African heritage and tourism is Africa's number one source of income. They are not going to let it go like the buffalo went.

LECTURES

A noted lecturer on African affairs, John Schiff has often stated that much of our present day foreign policy has been ineffective due to America's inability to understand, at ground roots level, the life and customs of peoples of emerging nations. Our way of life has jumped so far ahead and our representatives in foreign lands bring so much of America with them that it is impossible for them to dive in and really get to understand what the major issues are and how to solve them.

For the past three years he worked as bureau chief for the East African Daily Nation in Mombasa on the Indian Ocean. The stories he covered during this period are now being compiled in book form.

"Big John" as his friends call him is 6'5" tall and tips the scales at 215 lbs. He received his B.A. and Master's degree in education at Venard College in Scranton, Penna.

He likes Campbell and hopes to put his roots down here. However, he claims that the heat wave we had here a month ago was worse than anything he experienced in Equatorial Africa and on the Amazon.

When asked what his plans are for the future, he replied, "I would like to help the people of Campbell learn something accurate about the peoples of these emerging nations.

"Often news reports are not dependable because of the inability of the reporter to understand a culture or an area.

"For example, the Time correspondent who wrote that the Indians of the Altiplano were so hungry they were eating the bark off the trees. True, they were hungry but where are you going to find a tree at 14,000 ft. Your immediate conclusion is that he wrote the story in one of the plush Lima hotels and has never set a foot in the Altiplano".

The Campbell community extends to "Big John" and his lovely Peruvian wife, Gabriela a great big "Bienvenida".

Technicians' training given

A new program to train psychiatric technicians will be initiated at West Valley College in the spring semester.

According to Warren Sorenson, dean of vocational technical education, a curriculum consisting of one-quarter nursing care and three-quarters behavioral science courses is needed.

"Our close proximity to Agnews has resulted in this type of program being implemented," Sorenson said. He explained that 90 psychiatric technicians are needed annually at Agnews.

The large turnover is due to people moving on for either bachelor's or master's degrees and using a state hospital as a training ground for other hospitals.

CHOIR

On November 21 at 7:30 the San Jose State A Cappella Choir will perform a concert of renaissance and contemporary music at Westminister Presbyterian Church, 1100 Shasta Ave., San Jose.

Preceding the choir program, Dr. Phillip Simpson will present a half hour recital of organ music

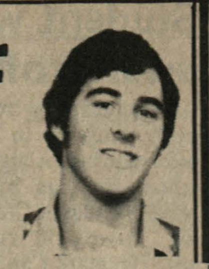
Cougars Corner



By Chris Rodgers

CAMDEN CRUSHES CAMPBELL

Camden's Football Team drove Campbell to a crushing defeat as the Cougars won 19 to 14 on Friday, Oct. 29.

CAMDEN CROSS COUNTRY #1 AGAIN

by Bob Benson

Camden's varsity cross country team barely beat the Leigh Longhorns on the Noviate course in Los Gatos last Thursday. The score was 27 to 28.

This is the fourth year in a row that Camden has won the league championship. It is the second year in a row that the varsity has gone through its dual meet season undefeated.

Leading the team to last week's victory were Al DeLa Roche, Bob Benson, Mike Carris, Mike Morris and Chuck Doze.

CAMDEN C'S #1

by Mark C. Lueder

Whoopee! Hurrah! Three cheers for the coach! These were just some of the sounds that could be heard coming from the Camden locker room as the conquering C's won the battle for first place and captured the W.V.A.L. title.

The C's had met the Saratoga Falcons on home territory, Oct. 28 at 3:30 p.m. to decide who was going to be number 1.

The courageous Camdenites, led by Dave De Long and Bob Holmes, attacked vigorously in the first two quarters, only to be losing at half time by 14 points. But even this did not stymie the C's.

With four seconds left in the game and the C's down by two, Dave De Long pumped in a 21 foot jump shot to tie the game. Then, in overtime, Don Benson rolled in a driving layup to win the game with two seconds to spare.

"C" Coach Frank Hendricks' boys set a couple of school records this season, like a game high of 72 points and most rebounds in one game of 57.

"We weren't too good a shooting team, but, boy, did we get those rebounds!" commented Coach Hendricks.

The C's finished the season 9-0 and 11-1 overall. Some of the high scorers for the C's were Rick Azevido totaling 99 points and Tony Pavone, Dave De Long, and Bob Holmes with 85 points apiece.

D's NOT AS SUCCESSFUL

The D's, however, did not fare so well. Their league record was 4-5 and 6-6 overall. Leading scorers for the D's were Dave Sheets averaging 12 points a game and Rob Evans averaging 7 points a game.

"As far as I'm concerned, it was a successful year," stated D Coach Jim Kuhn. "We'll have a lot of freshmen returning next year such as Dwayne Breckke and Dave Sheets who will help put us closer to the title," commented Coach Kuhn.

"RHINOCEROS" AT CAMDEN

by Chris Rodgers

Camden's Senior Play this year will be "Rhinoceros" by Eugene Ionesco and will be seen on Nov. 18, 19 and 20 at 8:00 in the Camden cafetorium.

The lead part of "Berenger" is played by Gary Workman. "Berenger" is slow, rather dumb character who drinks a lot. He is in love with Daisy, (Carol McDonald) the secretary at the law publication office he works for; he thinks she loves Dudard (Chris Rodgers) a bright, well off lawyer with a good future with the company. To add to his confusion, Jean (Randy J. Roetman) a real gentleman is always trying to change poor Berenger into a respectable citizen.

Where does the rhino come in? See the play and find out.

CAMDEN'S QUEEN

by Randy Horner

Who will be Camden's Homecoming Queen? This year's candidates are Joan Bunnel, Deanna Ferrante, Nancy Gibson and Debbie Sawyer. The Homecoming Queen will be revealed to all on Nov. 24.

There will be a change this year in the selection of the Queen. The Student Council has decided to let the school elect her instead of the Varsity Football team, but the players will select the four finalists.

"I think that the Council has achieved a masterpiece of compromise for all groups involved," commented Jim Purcell, Director of Activities.

West is best

by Denise Bern

WARRIORS VICTORIOUS! Westmont gridmen recorded their first victory in two years, eleven months, one week, and four days, by defeating the Blackford Braves 22-20 on the winners' field!

Warriors pulled off this stunning upset with the help of Dave Gillespie's 121 yards rushing.

Westmont gridders started off the scoring as Pat Dawes scampered seven yards around the right end. Other Westmont touchdowns were scored by Rich Rutgers and Dave Gillespie.

A last-second interception by Dawes saved the game as Blackford was marching for the go-ahead score.

"It was wild, very wild," Coach Don Stagnaro recalls. "I turned around with 10 seconds left and I couldn't find a single player on the sidelines; the whole student body was out on the field."

The Warriors can now look forward to the final games of the 1971 season, with the added pressure of winning the first game off their shoulders.

PLAY

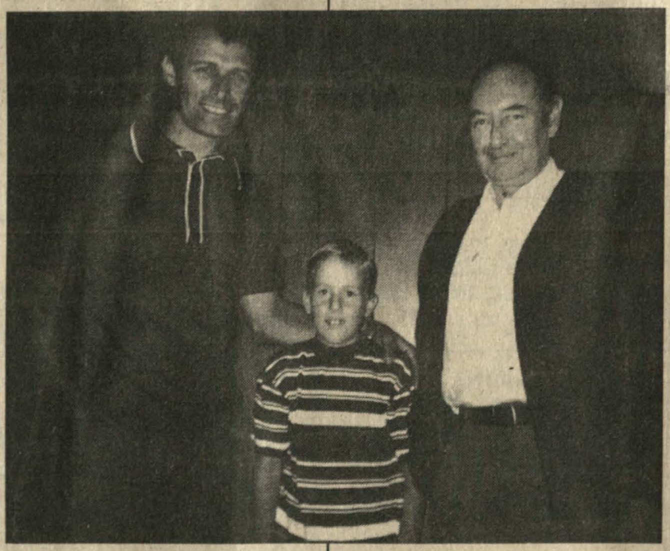
"The Bad Seed", a play directed by Miss Sue Hale, will be put on by the class of '72. The play, set in the present, concerns 10-year-old Rhoda Penmark, who kills three people and is never found guilty.

Leading parts will be played by Barbara Groten as Rhoda; Molly Mayock as Christine Penmark; Brad Belleville as Leroy Penmark; and Leslie Campbell as Monica Breedlove.

Tickets may be obtained through any cast member or at the door and the play will take place November 18, 19 and 20, in the Westmont cafetorium.

Girls' Sports Athletic Fund will be sponsoring a candy sale continuing through Nov. 19. Heath Bars will be sold for $1 and all proceeds will go towards GAA.

The Westmont Spirit Commission will give a yell at the Santa Clara University Clinic, Saturday, Nov. 13. All participants will be admitted free to the game at Santa Clara that night and the first-place winners will perform at the same game.



LOOKING FORWARD—Gordon Abbott, center, third grade student at Monroe School, is looking forward to attending a dinner Wednesday night and meeting sports celebrities. Ed Bressoud, baseball coach at De Anza College, left, and Bob Burton, local businessman and former baseball executive and scout, right, also plan to attend.

Sports figures attend dinner

Players from the San Francisco Giants and the 49ers will be guests of Monroe Home and School Club Wednesday at 6:30 p.m., when they hold their annual "Father and Son Sports Night Dinner."

Gordon Abbott, chairman, has invited local sports celebrities to participate also. Tickets for the dinner may be obtained at Monroe School, 1055 S. Monroe.
